My dear friend

I dug up your esteemed letter  
of the 21st Oct & was so pleased  
with its contents as to show  
it at once to several of our  
"Clique", made<sup>d</sup> of J. H. Mott  
S. Pugh. I'm in your pockets  
equally confidential.

My object in writing now  
is to know if we can have  
the 30 copies of the "Bell"  
promised by your note, & if  
you are I am also whether  
you have not a double  
supply of some English articles  
which you can send us.

If you cannot sell them  
we had better have them  
12/5<sup>4</sup> in great haste E. Davis
